CONFERENCE HELD ON APPROPRIATIONS

STATE TAX COMMISSION OFFICIALS HERE.

REVENUE TO BE SHORT

Roy H. Monier Estimates It Will Approximate Twenty and Half Million Dollars in Two Years.

Roy H. Monier of Carrollton, chairman of the State Tax Commission, and R. P. Spencer of Fayette, a member of the commission, were in Maryville today in conference with Uel W. Lamkin, president of the State Teachers College and William F. Phares, president of the board of regents of the College, relative to the appropriation asked by the College from the state for the next two years. M. E. Ford, senator-elect from this district, and William Job, representative from this county, were also in attendance at the conference.

Mr. Monier estimated the revenues for the next two years would be twenty and a half million dollars while the various state institutions are asking for appropriations totaling thirty-two million dollars. He said that all building appropriations for these institutions will not be granted unless the legislature at its coming session should provide some means of getting more revenues.

According to the budget prepared by the College, it requests the building of a training or demonstration school building from which an appropriation of $200,000 was asked. The College also requested the enlargement and alteration of the power plant and asked for $40,000. Thirty thousand dollars was asked for transferring the library to the present gymnasiums, making the necessary alterations, and remodeling the present library for class rooms and offices, and also to correct the acoustics in the auditorium and provide fire escapes for the buildings. The total appropriation asked by the college is $778,750.

Messrs. Monier and Spencer were going over the budget and the needs of the institution. As all appropriations from all the state institutions will have to be cut down, the tax commission will not recommend to the legislature any additional buildings at any of these institutions.

The report of the State Tax Commission with its recommendations for the State Teachers College here will be presented to the legislature at its session next month.

Mr. Monier is well known in Maryville, having graduated from the old Maryville Seminary in the class of 1899. His parents formerly lived at Hopkins.

SOPRANO ALSO HERE

Miss Lillian Seller Will Present Several Numbers At State Teachers College Next Wednesday.

A concert will be given by Dr. D. J. Thomas and Miss Lillian Seller at the State Teachers College Auditorium at 8 o'clock next Wednesday evening. The program will be given to the faculty and students on next Wednesday morning.

Both Dr. Thomas and Miss Seller are

MISS LILLIAN SELLER

Soprano of marked ability who will appear in a Duo Art concert at the State Teachers College with Dr. D. J. Thomas of Maryville.

Duo Art artists, the former having recorded piano solos and the latter having made accompaniment rolls for the Aeolian Company at Aeolian Hall, New York City, the only place in the world where these recordings are made is at the famous Aeolian Hall and, in contra-distinction to so-called mechanical player pianos, the Duo Art is the only reproducing device yet constructed which reproduces faithfully and accurately the playing of an artist.

Dr. Thomas will play two or three groups of piano solos at next Wednesday's performances and Miss Seller will sing about the same number of song groups—to her own Duo Art accompaniments.

The recordings by Dr. Thomas in New York last July will be heard in Maryville for the first time then. He is to make additional records in New York in the near future and the Duo Art company has privileged him to make the time selective owing to the concert work he is now engaged in.

Miss Seller is a soprano of marked ability and is said to possess a charming personality. The press notices concerning her laud her work in the highest terms.

A Steinway Grand Duo Art piano will be shipped from Kansas City especially for use in these concerts and the day following the performances in Maryville, they will be presented at Tarkio College both morning and evening.

Although the entry list was smaller this year than at former shows the quality of birds was considered above the average. C. E. Ackerman, of Wilbur, Nebr., was of the opinion that the quality of the fowls was good when the size of the show is considered.

The officials of the Poultry Show were very well pleased with Mr. Ackerman's work. Mrs. Jones, secretary of the Association, said this morning that Mr. Ackerman was painstaking in his judging and thought that his placings were fair. After judging the birds late yesterday afternoon, Mr. Ackerman left for his home at Wilbur, Nebr.

Most of the birds were taken from the show room, in the hall above the George McMurry garage, Fourth and Market streets, this afternoon. Most of the birds had to be shipped out, Harve England, the superintendent of the show said, because of the condition of the roads.

The prize winning fowls were quite evenly divided among local poultry breeders and those who shipped in fowls from outside of Maryville. For a second time Mrs. Dennis Sherlock, of St. Joseph, was awarded first prize for the best male bird in the Show.

PRESIDENT WEARY FROM CHICAGO TRIP

COOLIDGE IS HOMEWARD-BOUND TODAY

MAKES TWO SPEECHES

Also Attends Luncheon, Dinner and Conferences and Inspects International Live Stock Show

En route to Washington with President Coolidge, Dec. 5.—Worn and tired from thirteen crowded hours in Chicago, President Coolidge was crawling back home today aboard a train that does not offer the speed advantages of that upon which he made his westward trip.

By the time the presidential party reaches the capital at 8 o'clock tonight twenty-three hours will have elapsed since the departure from Chicago, compared with an eighteen-hour trip westward.

Mr. Coolidge, however, needs the rest. During the short time he spent in Chicago, he crowded in two speeches, a luncheon and a dinner, an inspection of the International Livestock Show and a series of conferences with western industrial and political leaders.

The precedent of traveling a regular passenger train is being observed scrupulously on the return trip even to the extent of eating in the public diner.

Methodist Minister Tells of Bond Issue

First M. E. Church Will Float Five-Year Securities, Bearing 6 Per Cent Interest—Double Secured

"We are working away at the church remodeling and the excavation for the new building is about completed, "Dr. C. C. James said this morning." The brick masons are laying up the west wall and everything seems to be moving very nicely."

"What is your method of financing the proposition," he was asked.

"Our people have signed pledges on the five year plan, and are paying very well. But the amount pledged will not pay all the expense incurred."

"How are you expecting to care for the balance?" was the next question.

"We as a church have been serving Maryville and vicinity for fifty-five years. This church has served well and the public have responded nicely to all our appeals. We are doing all the work we can with home workmen and contractors, besides purchasing our materials here. We think that the people of Maryville would be glad to help those who help them. Hence our church is issuing a series of bonds to run for a period of five years or less, bearing 6 per cent interest rather than pay a brokerage commission to an outside firm to float the loan for us, we are letting the good people of Maryville, who have known us through all the years, purchase our bonds and make what profit there is in the financing of this much needed work."

"How are your bonds secured?"

"They have a double security, the pledges of our people, and a deed of trust on the property."

"In case of default in payment no one would want your church building."

"There is no need to worry about that feature, because our Church has a reputation for paying what it owes promptly. They will be paid on time. We are simply asking Maryville to have as much confidence in us as we have in them."

"Fool's Awakening" And the Magician

With His Company to Be at Empire Theater Tonight and Tomorrow Nights

The casket mystery trick which has caused Maryville to wonder and then wonder some more, was shown for the last time at Empire Theater last night. E. D. Selvin, the magician, who has been entertaining all week with his company will have a change of program for tonight and tomorrow.

Why a thoroughly entertaining, and true-to-life novel makes good picture material can be easily understood by audiences who see "The Fool's Awakening," the Metro premier which shows tonight and Saturday at the Empire Theater. It is based on William J. Locke's story, "The Tale of Triona." Harold Shaw's direction of an excellent cast in an interesting story, makes this one of the pictures which everybody is certain to enjoy.

Harrison Ford, Enid Bennett and Mary Alden have the leading roles and are ably assisted by the competent cast which includes Alec Francis, Lionel Belmore, Harry Northruy and many others.

Calmly Confesses To Murder of Woman

Tulsa Man Also Takes Blame for Implication in Another Slaying and Injury of Third Victim

Tulsa, Okla., Dec. 5—Calmly confessing one murder, implication in another and taking the blame for the serious wounding of a third victim, Cooney Coffey, 21, today revealed details of a series of crimes which he said were committed while he was under the influence of marijuana, a Mexican drug.

The confession here apparently clears the murder in 1920 of Miss Dot Timmons and the killing of Briggs Chumley, Oklahoma City detective, November 3 last.

Kellogg's Bran delights father by bringing health to children

Poor little kids—they needed bran badly. But they wouldn't eat ordinary brans. They didn't like them. Most folks don't. Then their father tried Kellogg's Bran, cooked and krumbled. What a difference! He tells the story in his letter:

"Dear Sirs:

I wish to express my appreciation of your krumbled bran, which I have used for my children this summer. We had a great deal of trouble with them through constipation, and bran had been the most satisfactory remedy but they could not be induced to take the old varieties . . . because they disliked them so. They enjoy the krumbled bran and consider it an essential ingredient of their porridge. No one whose children have not been troubled in this way can appreciate the relief there is in having their bowels move regularly."

(The original of this letter is on file at the Kellogg Company, Battle Creek, Mich.)

Constipation is a dangerous disease. It should not be neglected. But do not try halfway measures in seeking relief. Kellogg's Bran is ALL bran. And it takes ALL bran to be 100% effective. Kellogg's Bran is guaranteed to bring permanent relief, if eaten regularly, in the most chronic cases. If it fails, your grocer will return your money.

Eat two tablespoonfuls daily—in chronic cases, with every meal. Eat it with milk or cream. The flavor is delicious. Sprinkle it on other cereals. Cook it with hot cereals. Try it in the recipes on every package. It will bring you health. Begin eating it to-day. Made in Battle Creek. Sold by all grocers.

A Christmas Without A Worry---

The Reward of Your Thrift

THROUGH THE PAST YEAR, you have put aside each week a part of your earnings—a certain, definite sum each week. It has been the easiest saving you ever did.

And now, with Christmas very near, just when you need an extra amount of money more than you have needed it at any time during the year comes the money that you have accumulated in the Christmas Savings Club.

You will surely be a member of the 1925 Christmas Savings Club which is now forming. But, where you saved one dollar this year save two next year. You have the saving habit—play it for all it's worth. And next year you will have twice as much as you have now.

When you receive your money from the 1924 Christmas Savings Club, why not place part of it in a permanent savings deposit? There it will draw interest and make more money for you and be saved against the time when it will be needed worse than it is now.

MEMBERSHIPS IN THE 1924 CHRISTMAS SAVINGS CLUB ARE NOW BEING PAID.

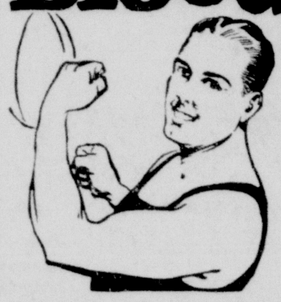
Power in the Blood!



You will be compelled to admit that the results of S. S. S. are really amazing!

MAN'S GLORY is his strength—yet how few there are who are really as strong as they should be. The blood thins, gets weaker, blood cells wear out—general weakness and a gradual break-down of the system results.

We know there is one thing that puts power in the blood, and that is more red-blood-cells! S.S.S. builds them by the million! We know that as blood cells increase in number, blood impurities vanish! But have you ever actually taken advantage of this wonderful fact? Thousands just like you have never thought of it. So-called skin eruptions—pimples, boils, blackheads, eczema all pack up and go when the tide of blood cells begins to roll in. Blood cells are the fighting giants of Nature. S.S.S. is one of the greatest blood cell builders, blood cleansers and body builders known to us mortals. Here is your opportunity! S.S.S. contains only vegetable medicinal ingredients. Because S.S.S. does build red-blood-cells, it routs rheumatism, builds firm flesh, fills out hollow cheeks, beautifies the complexion, builds you up when you are run-down.

Start taking S.S.S. today and get back that power in your blood!

S. S. S. is sold at all good drug stores in two sizes. The larger size is more economical.

He is suspected by the police of being the brains of Jeff Duree band of outlaws, thought to have been wiped out several years ago.

After his arrest, Duncan implicated prominent bankers, business men, and a society woman in connection with the gang's operations.

His life would be forfeited, he said, if he told the inside workings of the Duree gang.

Drugs Excite the Kidneys, Drink Water

Take Salts at First Sign of Bladder Irritation or Backache

The American men and women must guard constantly against kidney trouble because we often eat too much rich food. Our blood is filled with acids which the kidneys strive to filter out; they weaken from overwork, become sluggish, the eliminative tissues clog and the result is kidney trouble, bladder weakness and a general decline in health.

When your kidneys feel like lumps of lead; your back hurts or the urine is cloudy, full of sediment, or you are obliged to seek relief two or three times during the night; if you suffer with sick headache, or dizzy, nervous spells, acid stomach, or if you have rheumatism when the weather is bad, begin drinking lots of good soft water and get from your pharmacist about four ounces of Jad Salts. Take a tablespoonful in a glass of water before breakfast for a few days and your kidneys may then act fine.

This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for years to help flush and stimulate clogged kidneys, to neutralize the acids in the system so they no longer are a source of irritation, thus often relieving bladder disorders.

Jad Salts is inexpensive; can not injure, makes a delightful effervescent lithia-water drink and belongs in every home, because nobody can make a mistake by having a good kidney flushing any time. By all means have your physician examine your kidneys at least twice a year.

OUCH! LUMBAGO! RUB BACKACHE AWAY

Kidneys cause backache! No! Your backache is caused by lumbago, rheumatism or a strain and the quickest relief is soothing, penetrating St. Jacobs Oil. Rub it right on your painful back, and instantly the soreness, stiffness and lameness disappears. Don't stay crippled! Get a 35 cent bottle of St. Jacobs Oil from your druggist. A moment after it is applied you'll wonder what became of the backache or lumbago pain.

In use for 65 years for lumbago, backache, sciatica, neuralgia, rehumatism or sprains. Absolutely harmless. Doesn't burn the skin.

Sports

Sport Chatter.

Beaver, former track and basketball star of S. T. C. is back in school this quarter and is out for the basketball team. He is speedy and handles himself well. Looks like he would push someone for a forward position.

Noble Aldrich of Sheridan, forward on last years aggregation is back in school. Says he has thought it all over and believes he knows more than he did a year ago.

Captain "Able" Blomfield is not out for practice at present, Aldrich is working at center. Doc Tonsilitis has the "tip" at present, but Able will soon out figure him.

Kennet'i Caldwell of Jameson, Missouri, looks like he knew the game of basketball fairly well. He handles himself nicely on the floor and has a fair eye for the basket. His position is at center.

Coach Lawrence sprang a little surprise on the men last night. Dividing the squad of thirty men into six teams and matching them against each other, he sent them through about a five minute scrimmage. There was a good deal of wild passing and shooting but some of the men showed they knew the game. Also a few stomachs telegraphed their message that they should be better taken care of from now on.

Lawrence stated that practice would start in earnest Monday, and that lots of hard work for the sake of condition would be first on the program. Watch yourself and your habits, boys.

"Pete" Jones may be seen gracefully tripping around the gym, helping "Shorty" do his stuff.

The selection of four of the 1924 Bearcats on the All State team was a mighty fine boost for the athletics of Maryville S. T. C. The boys are to be congratulated. That each was deserving is admitted and yet one cannot refrain from saying just a word in regard to one member of the team who received no mention as an All State man. Anyone who saw the 1924 Bearcats in action will not soon forget the slight built form of one 'Ikey' Eads. Ikey it was who was prone to emulate "Man-o-War" just when the foe was least expecting it. Gifted with the fastest pair of feet on the team he was a constant threat around the ends and although weighing but 140 pounds could hurl himself into the line in a manner which seldom failed to produce a gain.

Not only was he good at lugging the ball. When passes were in order, Ikey it was who hurled the ball. When it was time to kick, it was Ikey who dropped back and put his good foot behind the ball for a forty yard average. His goal from placement was the margin of victory at Springfield, while in the Warrensburg game he put the game on ice with a well belted field goal.

Coach Lawrence says, the only triple threat man in the conference. Happy, humorous, full of pep and entertainment, giving his best at all times, with all due respect to the All State men and their deserved honors, 'Ikey' was in my opinion, the most valuable man on the 1924 team."

Basketball is next on tap. Quite a number of men reported to Coach Lawrence. The big problem is guards. Lawrence would like plenty of guards and then more guards.

Maysville Carrying Chip On Shoulders

Issues Challenge to All Schools Dissatisfied With Football Title Results This Year

Joe Flint, coach of the Maysville High School football team, champions of the Northwest Missouri High School Association, would have his team play any other eleven in the conference which feels as if it had not been given a square deal, through the forfeiting of any games during the grid season:

Flint's challenge:

"If there is any school in Northwest Missouri High School Association which by reason of a forfeited game or otherwise, feels it should have a chance at the football championship of the conference, Maysville High School's team will play it a post-season game at a time to be arranged in the near future, with the title of the conference at stake. Maysville will guarantee the challenging team the sum of $250, if the game is played at Maysville. Should the fray be played at the town making the claim Maysville would demand half of the gate receipts. Address all communications to football manager of the Maysville High School, Maysville, Mo."

Flint's challenge evidently comes as a result of rumors being circulated in the district that a couple of teams did not have a fair chance at the title through a ruling which forced teams to play their first game before Sept. 15.

Phares Confers With Republican Leaders

Denies the State Committee Will File Any Contests for Defeated Legislators

William F. Phares, chairman of the Republican State committee, returned this morning from St. Louis where he was in conference with Governor Hyde and Dr. E. B. Clements, National Republican Committeeman from Missouri. The St. Louis Post-Dispatch yesterday had the following about the conference:

Gov. Hyde was here yesterday conferring with Dr. E. B. Clements, National Republican Committeeman from Missouri, and W. F. Phares, chairman of the Republican State Committee. They denied reports that the Republican committee, in anticipation of a contest of Governor-elect Baker's election by Dr. Arthur W. Nelson, defeated Democratic nominee, would file contests in the Legislature on behalf of Republicans who lost by small majorities.

The Republicans have 78 seats in the House to 72 for the Democrats, although the 23-to-11 majority of the Democrats in the Senate gives the Democrats a majority of six on joint ballot.

It had been suggested by politicians here that, in an effort to forestall a contest by Dr. Nelson, the Republicans might prepare to unseat enough Democrats in the House to destroy the majority. Chairman Phares said that any contests instituted would have to be brought individually by candidates themselves.

Gov. Hyde departed last night for Kansas City.

State Asks Death Penalty for Hough

Case is Expected to Go to the Jury This Afternoon—Hough's Story is Ridiculed

BULLETIN

Bedford, Ia., Dec. 5 (Special to Democrat-Forum)—The case of the state against Carl Hough, charged with murder, will go to the jury in about an hour. The attorney for the state has asked for a death penalty. Attorney Locke was making a plea for the state at press time today. Attorney Locke claims that the crime was premeditated, and states that it took only two minutes to choke the girl, Lillian McKenney, 19, Herrick, S. Dak., on the night of August 11.

The counsel for the defense, Attorney Organ, finished his plea for Hough about 2 o'clock this afternoon. Mr. Organ did not have much evidence to base his case on. He accuses the state of being unfair in its prosecution, stating that the attorneys for the state have never given Hough proper credit for his story about the two strangers with whom Lillian McKenney was riding the night of August 11. Hough in his testimony alleges that these two strangers, who had a sedan, committed the crime and that he was in a drunken stupor at the time.

(Omaha World-Herald)

Bedford, Ia., Dec. 5—The death penalty for Carl Hough, on trial here charged with the murder of Lillian McKenney, was asked by J. J. Hess, state's attorney, in opening his arguments before the jury yesterday afternoon.

The case will probably go to the jury late this afternoon.

Hess ridiculed Hough's story of meeting two strangers and being poisoned by liquor they had given him. He charged that Hough's story was framed, and declared that his story of being poisoned when he appeared at the farm of W. E. Fitch, at 1 o'clock in the morning of August 12, was merely a ruse to explain his presence when what he really wanted was gasoline for his car.

He declared that Hough's flight, his conflicting stories, and the mass of evidence uncovered by the authorities all pointed to his guilt.

R. J. Organ, attorney for the defense, followed Hess with his arguments to the jury.

"A man who takes a woman into the home of his mother as his wife," Organ told the jury, "is no worse than the woman who goes with him aware that she is unmarried." He added that if any framing were done, it was done by the state, and that Hough's story of his meeting with the two strangers was both logical and plausible.

Organ will finish his argumentstoday. Closing arguments will probably be made by J. R. Locke for the prosecution, and by M. R. Brand for the defense.

Says--- Now Stiff Joints Must Go!

New Discovery Limbers 'Em Up and Even the Creaking Ceases.

Yes; it's true—the world progresses. All you have to do nowadays to limber up that stiff, rusty knee joint is to squeeze a half inch of miracle working substance from a tube.

Then rub it on the offending part for about a quarter of a minute or until it soaks through the skin and disappears on its errand of mercy.

Then read the evening newspapers and go to bed.

The chances are that your misbehaving knee joint will lose its "creak" while you are dreaming about the high fences you used to leap when you were a youngster.

"And in the morning," says one who has tried the new discovery, "you'll feel so happy that you'll want to jump into your sportiest clothes and walk briskly down the street just to show the neighbors that you are not as old as they think you are."

Joint-Ease they call this wonder working substance, for the reason that when ordinary remedies fail to limber up the stiff, inflamed, rheumatic joint, or reduce the swelling, Joint-Ease succeeds.

It's a good name for a good, clean, penetrating prescription that in just a few months has proven to a multitude of people that lame, swollen, distorted joints can speedily have the kinks taken out of them and work as smoothly as ever.

But Joint-Ease is for bothersome joints, whether in knee, ankle, hip, shoulder, spine or finger, and for that purpose its sale is immense.

All druggists have a big supply of it and druggists everywhere report a big demand.

Always remember, when Joint-Ease gets in joint agony gets out—quick.

Cramping Pains In Stomach Gone!

KARNAK

Proves Again, in Missouri Woman's Case, Marvelous Health Building Powers.

The great reputation and popularity of Karnack throughout Missouri must be deserved. Even the most skeptical must be convinced as the testimony of well known Missourians continuously pours in. The experience of Mrs. S. H. McSpadden, Route No. 1, Battlefield, Mo., as told by her in Springfield the other day, should be of interest everywhere.

Cramping pains through her stomach, back and kidneys that would almost double her up, bloating that made breathing difficult, dizziness, headaches, nervousness and inability to sleep, is the way in which Mrs. McSpadden describes her condition before she got Karnak. "I was about the most miserable and discouraged person you ever saw," she says.

"I will always praise Karnak for the way it has built me up. It helped me from the very start, and now I eat with relish, sleep good and sound and feel like a different person. Karnak is just grand."

Try Karnak yourself! And, remember—Karnak Pills are an essential and vitally important part of the Karnak treatment, especially if constipated.

Karnak is sold in Maryville exclusively by Maryville Drug Co.. —adv.
